INDIANA HEALTH COVERAGE PROGRAMS

BR202205

FEBRUARY 1, 2022

## Updated PA documentation submission for Zolgensma

Effective March 3, 2022, the Indiana Health Coverage Programs (IHCP) will change the documentation submission process for prior authorization (PA) requests for Healthcare Common Procedure Coding System (HCPCS) J3399 – *Injection, onasemnogene abeparvovec-xioi, per treatment, up to 5x10<sup>15</sup> vector genomes*.

For PA requests submitted on or after March 3, 2022, providers will need to follow the standard PA submission process when requesting PA for J3399. PA documents should no longer be sent to [FSSA.IHCPReimbursement@fssa.IN.gov](mailto:FSSA.IHCPReimbursement@fssa.IN.gov) after March 3, 2022, as directed in *IHCP Banner Page BR202007*.

J3399 is carved out of managed care; therefore, all PA requests for J3399 are to be submitted to Gainwell Technologies. For more information on the PA process, see the [Prior Authorization](#) provider reference module, available at [in.gov/medicaid/providers](http://in.gov/medicaid/providers).

The PA criteria for onasemnogene abeparvovec-xioi (Zolgensma) are documented in the [Injections, Vaccines and other Physician-Administered Drugs](#) provider reference module.
